

# Odyssey ClubHotel Wellness & SPA

**Project:**  
Odyssey ClubHotel Wellness & SPA \*\*\*\*\*,  
Dąbrowa near Kielce

**Project Owner/General Contractor:**  
Alutechnika Kielce

**FAST SA scope of works:**  
Interior fit-up

**FAST SA Project Manager:**  
Jacek Szczutowski  
**E-mail:** jacek.szczutowski@fast.pl

A glazed wall at a swimming pool with an overflow crest guarantees an unforgettable view of the Kielce townscape. The other walls have been clad with hundreds of square meters of panels.

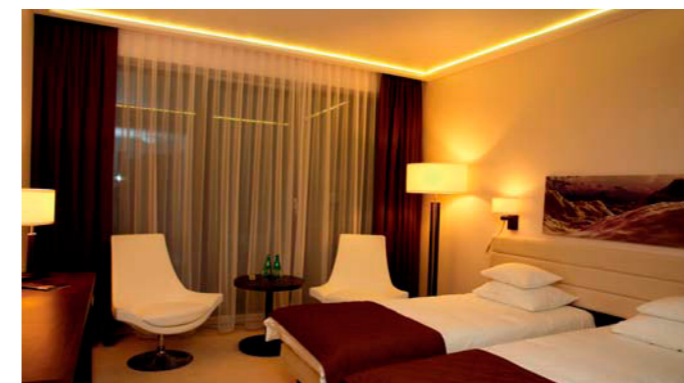

The project implemented by FAST SA included fitting the interiors of a 5-star hotel (the apartments and public areas) situated in the Świętokrzyskie Mountains. The original furniture – distinguished by clean, elegant shapes – blends with the beautiful panoramic view from the slope of Domaniówka.

The wall panels (of a total area exceeding 1,000 sq.m.) installed in the public areas – in the reception, in the hall and at the swimming pool – emphasize the relaxed atmosphere and thus perfectly harmonize with the SPA ambience of the hotel. "In order to meet the Client's expectations, we had to prepare

a special system for installing the panels on such a vast surface. That was quite a challenge. I was recently delighted to find out that our innovative ideas earned praise from the hotel guests, who nominated the hotel for the Best Hotel Award 2012," said Jacek Szczutowski, Project Manager at FAST SA.
