

Integrated Management System Policy of FAST SA

Customers satisfaction and fulfilling all contractual requirements are the overriding goals of FAST SA business activity. An effective projects execution in the areas of surface protection, insulation, and interiors & furniture, on the basis of international standards and methodology of project management, is a priority for all the employees and associates of our organisation.

We approach each project individually, responsibly, with respect for the ethical principles and with due care to all relevant environmental aspects as well as systematic improvement occupational health and safety conditions. Therefore, we take actions aimed at preventing pollution, accidents at work, occupational diseases, and events which may potentially lead to accidents in the company. We care about establishing and promoting a friendly working environment, open to diversity and continuous improvement, in which mutual respect and cooperation are the key elements.

In order to meet the expectations of our customers and all the identified requirements, we have implemented, maintain, and continuously improve an Integrated Management System for Quality, Environment, and Occupational Health and Safety. This system applies to all employees and associates of FAST SA who are motivated and improve their professional qualifications on an ongoing basis. Moreover, the Integrated Management System complies with the requirements of AQAP 2110:2009 standard, which sets out the requirements of the North Atlantic Treaty Organisation (NATO) in the field of quality assurance during the performance of design, development, and production works. The Integrated Management System at FAST SA also includes the implementation of social objectives based on provisions of the CSR Policy (Corporate Social Responsibility) and with reference to the guidelines of PN-ISO 26000:2012.

The Management Board of FAST SA provides adequate resources for the effective functioning of this policy and the requirements of the Integrated Management System resulting hereunder.

Gdynia, 23 April 2021 r.

This policy is communicated to the employees and made available to the customers and suppliers.
